

EaZy Toast Pro

by  zepter®

Every **Slice**,
Just **Right**.

Some days start calm, others in a rush.

You might be making breakfast for the family, preparing a quick snack between meetings, or warming a slice to enjoy with evening tea.

Whatever the moment, **you can count on results that are quick, consistent, and effortless – every time.**

How do you like your toast?

There's something special about the aroma of fresh toast – the comforting warmth before a busy day begins. But not every toaster can deliver this small happiness with precision and care.

Light and soft, golden and even, or deep and crunchy? With **EaZy Toast Pro**, you get it just right – without standing by the counter or worrying about burnt edges.

With **two extra-wide slots**, it handles everything from waffles and bagels to frozen slices, so you're no longer restricted by size or texture.

Independent controls let you satisfy different preferences at the same time, while a **visible countdown timer** and **smart defrost mode** mean less waiting and more confidence.

No more guessing, turning, or waiting. This intelligent 2-slot toaster does the work for you. Just select one of six browning levels, press a button, and in moments, you get toast that's exactly how you want it.

It's built for **convenience, consistency, and control** – giving you perfect results from every slice.

With EaZy Toast Pro, perfection is no longer a matter of luck — it's a matter of choice.

More than breakfast: versatile, all-day performance

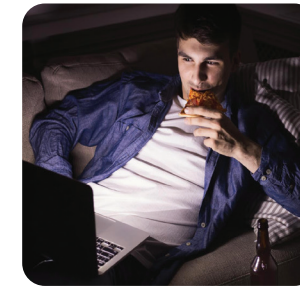

EaZy Toast Pro adapts to your lifestyle, ready to enhance every snack and mealtime. Beyond breakfast, it's your go-to for a fast, delicious upgrade anytime:

- **Quick snack between meetings:** Toast artisan bread for gourmet sandwich bites that fuel productivity.
- **Lunch with a twist:** Warm thick baguette slices or prepare crispy grilled cheese sandwiches — simple, stylish and satisfying.

- **Afternoon tea or coffee:** Heat delicate pastries and fresh bagels to perfection, pairing beautifully with your favorite brew.

- **Dinner ideas:** Toast garlic bread or reheat savory snacks with ease — no oven or extra cookware needed.

- **Late-night Netflix cravings:** Warm up muffins, toast breadsticks or prepare other crunchy snacks — all made easy and quickly with EaZy Toast Pro.

Key Features of EaZy Toast Pro

Custom Browning Control

Choose from **six precise shade settings** to achieve your ideal level of crispness. Whether lightly golden or deep and crunchy, EaZy Toast Pro lets you dial in your perfect shade at the touch of a button.

Extra-Wide Dual Slots

Designed for flexibility, these slots easily fit everything from sandwich slices to bagels, baguettes, or English muffins. The wider design ensures even heat distribution for perfect toasting across every slice.

Even Toasting Every Time

Advanced heating elements ensure consistent, uniform browning from edge to edge. Every slice comes out evenly golden – no pale centers, no burnt corners.

Visible Countdown Timer

Know exactly when your toast will be ready. The clear timer display helps you coordinate perfectly with your coffee or meal, making your routine smoother and more enjoyable.

Smart Defrost Mode

Toast bread straight from the freezer without waiting for it to thaw. The smart defrost function automatically adjusts to warm evenly without drying or burning – crispy on the outside, soft and warm inside.

Reheat Without Over-Toasting

If your toast cools down before you're ready, simply press Reheat. This function warms your toast gently without browning it further – so every slice tastes freshly made.

Easy Cleaning

Two removable crumb trays make cleaning quick and effortless. Simply slide them out, empty the crumbs, and keep your toaster spotless and efficient for better performance and longer life.

Beautifully Made. Built to Last.

The **EaZy Toast Pro** combines elegant Zepter design with everyday practicality.

Its brushed stainless-steel body, illuminated controls, and intuitive design make it a centerpiece in any modern kitchen.

Strong, safe, and effortless to use – it's the toaster that delivers perfect results today, tomorrow, and for years to come.
